

**Neuropsychology (Adult only) Authorizations:**

- Neuropsychology is considered a “High Risk” clinic meaning appointments should not be scheduled unless there is a diagnosis, pending referral, or clinical notes stating what the patient is being referred for. You can verify diagnosis by looking in the patient’s chart, in the media tab, in a pending referral or by calling patients PCP’s office. Also please check appointment notes to verify what the patient is being seen for. Diagnosis should match the reason for visit.
- Neuropsychology does not accept Medi-Cal.
- Patient’s under the age of 18, referrals go to Pediatric department (PNAP) # 909-651-1899 or extension 28687
- When obtaining authorization please submit for medical benefits NOT Behavioral Health.

**Referral in LLEAP:**

**Department:** ORC REHAB PSYCH

**Department Specialty:** Neuropsychology

**Provider Specialty:** Neuropsychology

Referred to

Vendor:	<input type="text"/>	Location:	<input type="text" value="⚠"/>
Department:	<input type="text" value="ORC REHAB PSYCH"/>	Provider:	<input type="text"/>
Department specialty:	<input type="text" value="Neuropsychology"/>	Provider specialty:	<input type="text" value="Neuropsychology"/>

Clinic must approve the initial consult visit. Financial Services is responsible for obtaining authorization for Consult and follow up referrals for Neurosych. All codes are listed on page 2.

**\*\*\*\*(PLEASE BE VIGILANT)\*\*\*\* Example:** If an authorization is approved for CPT 96152 x 24 units; (4 units =1 visit) this doesn’t mean 24 visits were approved. **24 units** divided by **4 = 6 visits**.
