---	--

Reference Information:

Important Notes:

1. All visit type should always be requested with a Hemoglobin (83036), Blood Glucose (82962) for all Peds Endocrine patients.
 - a. Patients consult and follow up code must be authorized. If any of the additional CPT codes are denied or not covered benefits approve referral with modifications and clear the account.
 - b. Make sure to document a referral note identifying which codes were not authorized and zero out CPT codes that were not authorized on the DX/PX page.
2. Pediatric Endocrinology will see patients with a diagnosis of “Prediabetes” but does not see any patients with a diagnosis of “Diabetes.” Please refer Diabetes patients to Pediatric Diabetes Treatment Center - LLEAP department name CHFMO PEDS DIABETES.
